# Work programme WINNET Europe 2011

## *Decided at the* WINNET Europe AGM

April 27, 2011 in Malmö, Sweden

The Basic aim of the work programme for year 2011, of WINNET Europe is to ensure and secure the establishment and build-up and running of transparent, cost effective work organisation for the co-operation of WRCs, Women's Resource Centres from all EU Members States.

Due to the economical and time resources

### The Key Objectives of WINNET Europe activities for 2011 are:

- To strengthen the role of WRCs as key drivers and operational actors of in Regional Operation Programs (ROP) and in Regional Development and Growth to be one actor for implementing the gender perspective in regional policy strategy at European, National, Regional and at Local levels
- WRC should be legitimising as a democratic tool for women's voice in Europe within this issue of Regional Economical Development for Growth.
- To support the start-up training for how to start and run a WRCs in all member states with an empowerment perspective
- To continue strategic membership building so that WRCs from all Member States and acceding countries are represented in WINNET Europe
- To support and mobilise women's entrepreneurship, start-up and running of SMEs
- To support the development of gender knowledge within counselling and career guidance for education and labour market issues
- To support women's literacy increased use of ICT and involvement in ICT by building and communication within and between WRCs in Europe
- To carry out an offensive marketing of the organization on European level and support members to do it in each country at national and or regional levels

- To ensure the associations sustainability with and through a constant dialogue with the European Commission, EU parliament and EU institutions and EU programmes 2010-2012
- To be an active partner in the European program Interreg IVC Capitalisation project WINNET 8 with focus on communication and dissemination of knowledge as experts within the projects different activities and to communicate the result to European level and to other actors with a thematic focus on labour market, Innovation and ICT issues.

To secure the follow up of Winnet 8 results

- To be a partner in the project to translate the Swedish member Winnet Sweden s handbook on; How to run a WRC successfully to English with an integrated European perspective.
- To include the Winnet 8 homepage into the WINNET EUROPE Homepage
- To be an associated partner in the South Baltic Programme project going Abroad
